WHAT WE OFFER

Quality_ Non negotiable for us. We pride ourselves in producing the highest quality aluminium doors available in the industry for over 15 years.

Custom manufactured_ Cut, drilled and assembled to exact customer specifications.

Lead times_ Varies depending on quantity and glass type. Our promise is to strive to deliver doors in good time while maintaining the highest quality possible.

Fully assembled & ready to hang_ Doors are delivered ready to fit including drilling for hinge holes and certain lift up fittings.

Frames only option_ Order your frames to size, we'll prepare them and deliver ready to have glass fitted.

Aluminium frame finishes_ We offer a range of finishes:

STANDARD

SHORT CODE	NAME	COLOUR
ALU	Natural Anodised	
BLK	Black Textured Powdercoat	

Support Local_ Our products are manufactured in Cape Town, South Africa using as many local suppliers as possible.

Warranty_ We offer a functional lifetime warranty on the workmanship of all our doors.

GLASS TERMS

TOUGHENED GLASS: Glass made 5x harder and stronger by special heating and cooling process
Glass cannot be cut, drilled or shaped once toughened

GLASS TYPES

CLEAR GLASS:

- Normal standard green glass used in many varying applications

EXTRA WHITE GLASS:

- Glass that has the impurities removed
- It does not have the typical green tinge of normal clear glass

CLEAR GLASS (TOUGHENED) WITH SANDBLAST FILM:

- Glass has a translucent look, that allows light through

TINTED GLASS (TOUGHENED):

- Grey or Bronze tinted glass available

BACK-PAINTED GLASS:

- Extra white glass (toughened) back sprayed with a colour of choice (plascon codes) or Snow White
- Matching of colours is not exact and might not match wall or cabinet door colours as you are seeing the colour through the glass.

MIRROR OPTIONS:

- Silver, Grey or Bronze mirror available
- Mirrors supplied with white or black backing film

REFLEX GLASS (TOUGHENED):

- Grey or Bronze mirror tinted glass - looks like a mirror when not backlit, but see through when backlit

REEDED GLASS (TOUGHENED):

- Clear Reeded / Fluted / Slendervue type glass

PLEASE NOTE: Due to the nature of cutting and polishing glass, tolerance of +2 - 2mm as per glass standards is deemed acceptable in industry.

AVAILABLE ON REQUEST

We do have stock of most of these options in smaller quantities.

SHORT CODE	NAME	COLOUR
WHT	White Textured Powdercoat	
GRY	Grey Textured Powdercoat	
GRP	Graphite Textured Powdercoat	
GOLD	Gold Textured Powdercoat	
PB	Pearl Beige Textured Powdercoat	
MB1	Matt Bronze 1 Anodised	

VD1

M01

CABINET SLIDING DOOR SYSTEM

Regular inside fit system. Insert track is recessed into the top and bottom carcass.

Application: Base or top cabinets in kitchens, free standing furniture

Door Types: Wood and aluminium frames

Door Thickness: 16 - 25mm

Spacing of Top and Bottom tracks is dependent on door thickness choice

Door Weight: 40kg

Door Size: 1500mm x 900 mm (recommended)

Smooth sliding action with easy height adjustment.

Easy to drill and fit wheelsets.

Optional soft closer: **VS_M01_Softcloser** (for 2 doors)

VS_M01_KIT_ALU

2 door Wheel set + 2 x 3M tracks (Alu)

VS_M01_KIT_BLK

2 door Wheel set + 2 x 3M tracks (Black)

M02

TOP HUNG (OVER AND UNDER) WARDROBE SLIDING SYSTEM

Tracks are mounted on top of the wardrobe carcass with the bottom guide hidden below the carcass base.

- Applications:** Wardrobe sliding doors / pantry cupboards
2, 3 or 4 door systems - available as kits or with complete built up doors to size
- Door Types:** Wood / Board
Alu frames with glass or mirror
- Door Thickness:** 16mm to 25mm
- Door Weight:** up to 80 kg's **Min Door Weight:** 25 kg's
- Door Size:** 2400mm x 1200mm (recommended)
- Door Height:** up to 2600mm **Door Width:** 600mm to 1200mm

Integrated Soft Close comes standard on all doors - opening and closing
Smooth sliding action with easy adjustment

Notes: Build a strong sturdy carcass with no flex on the top, to accommodate the door weight and ensure allowances for bottom guide are built in.

VS_M02.2DR

Complete system: Top and bottom track 3m, wheel sets and soft closers for 2 doors

VS_M02.2DR

VS_M02.3DR

Complete system: Top and bottom track 3m, wheel sets and soft closers for 3 doors

VS_M02.3DR

HOW TO WORK OUT YOUR DOOR HEIGHT

Door height = outside carcass height + 108mm

Door size guideline using the aspect ratio

height ÷ width = Aspect ratio

1800 ÷ 700 = 2.57

2100 ÷ 800 = 2.63

2300 ÷ 900 = 2.55

2400 ÷ 1000 = 2.4

2600 ÷ 1100 = 2.36

Aspect ratio's should be 2.85 or less, for the doors to function correctly, on the M02 system.

Top Track 3m
VS_M02_TTRACK3M

Bottom Track 3m
VS_M02_BTRACK3M

2 Door Wheel Set With Soft Closers
VS_M02_WS.2DR

3 Door Wheel Set With Soft Closers
VS_M02_WS.3DR
(VS_M02_WS.2DR + single door set)

M03

FLOOR TO CEILING MOUNTED WARDROBE SLIDING DOOR SYSTEM

Regular "inside fit" system. Fits top and bottom inside the opening - for wardrobe carcass or floor to ceiling.

Applications:	Wardrobe sliding doors 2, 3, or 4 door systems - available as kits or with complete built up doors to size		
Door Types:	Glass, mirror and wood		
Door Thickness:	16mm to 22mm		
Door Weight:	Up to 60 kg's	Min Door Weight:	22 kg's
Door Size:	2440mm x 1200mm (recommended)		
Door Height:	Up to 2500mm	Door Width:	600mm to 1200mm

Integrated Soft Close comes standard on all doors - opening and closing
Easy soft close adjustment
Smooth sliding action with easy height adjustment
The principles of level, plumb and square apply for all types of sliding doors.
We recommend that you do not rely on walls, floors and ceilings to be perfect. It is best to build a carcass for your sliding doors wherever possible.

VS_M03.2DR

Availability: 2.5m & 3m lengths
Handle Kits: 2 or 3 doors kits available
Pre-drilled, ready to fix to your doors

M04

FLOOR TO CEILING MOUNTED WARDROBE SLIDING DOOR SYSTEM

Regular "inside fit" system. Fits top and bottom inside the opening - for wardrobe carcass or floor to ceiling. Concealed wheel system.

Applications:

Wardrobe sliding doors

Room divider, where doors are visible from both sides
2,3 or 4 door systems - available as complete built up doors to size or supplied as built up frames only

Door Types:

Frameless and Symmetrical

Door Thickness:

35mm frame

Door Weight:

Up to 60 kg's

Door Size:

2500mm x 1200mm (recommended)

Door Height:

Up to 2700mm

Door Width:

600mm to 1200mm

Integrated soft close comes standard on all doors - opening and closing

Concealed bottom wheel system, so doors visible from both sides are possible

Smooth sliding action with easy height adjustment

The principle of level, plumb and square apply for all types of sliding doors. We recommend that you do not rely on walls, floors and ceilings to be perfect. It is best to build a square carcass for your sliding doors wherever possible.

VS_M04_TWS
for a single door_2 way
soft close mechanism

HOW TO ORDER:

M04 SLIDING DOOR SYSTEM

Step 1: Choose between 2 or 3 door system

Step 2: Choose your Door Type

TYPE A: FRAMELESS

Narrow edge profile of 3mm

Decorative inlays are adhered to the frame

Available inlay options

Glass: Back painted or digitally printed glass

Mirror: Silver, grey or bronze mirror

Wood: 6mm duco or veneer (only frames will be supplied)

Full sheet, no dividers

*Note: This frameless door has very little pull grip, so with the soft closers in position it may be difficult to move the door to slide.
We have an additional pull strip handle that can be applied afterwards, should this be a concern.*

TYPE B: SYMMETRICAL

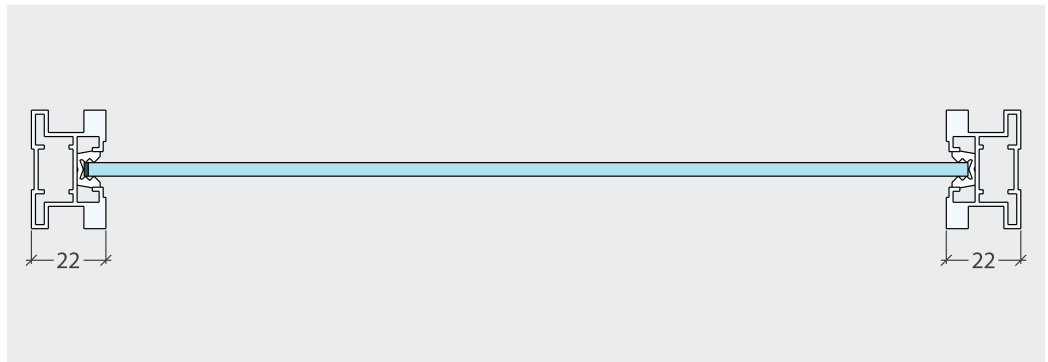

Vertical profile and handle grip: 22mm width

Available inlay options

4mm glass or mirror

Wood: duco or veneer (own supply)

Dividers and various inlay panels (works with 4, 6 and 8mm)

Step 3: Choose your glass or inlay type

Step 4: Email us your Cabinet opening or the floor to ceiling and wall to wall measurements, as well as the inlay requirements for all price enquiries. orders@voguedoors.co.za

M05

TOP HANGING FOLDING SLIDING DOOR SYSTEM

Designed for top hanging folding wardrobe sliding doors where limited space for cabinet access is required.

Application: Wardrobes, scullery and cabinet doors
2 or 4 door applications

Door Types: Aluminium frame and Wood doors

Door Thickness: 16 - 22mm

Door Weight: 40kg for 2 doors

Door Size: 2400mm x 600 mm (recommended)
